LIST OF SEMINARS IN RESEARCH METHODOLOGY, INTELLECTUAL PROPERTY RIGHTS AND PHARMA ENTREPRENEURSHIP IN THE ACADEMIC YEAR 2023-24

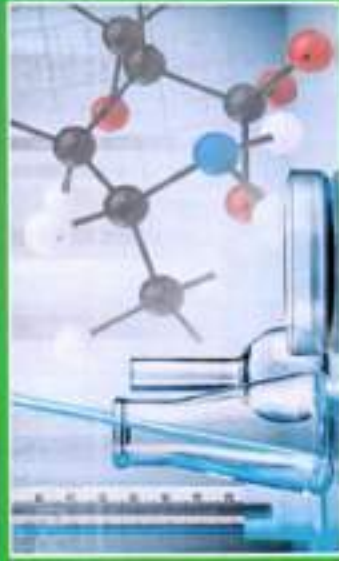

S.NO	Name of the program	Date	No. Of participants	Details of resource person
1	A One Day Seminar on Biologics and Biosimilars: Intellectual Property Challenges in the Era of Biopharmaceuticals"	17/06/2023	37	Dr. K. NagaRaju, Professor, Department of Pharmaceutical Analysis, Sir C. R. Reddy College of Pharmaceutical Sciences, Eluru, Ph. No: 9642166555 Mail id: nagaraju162@gmail.com
2	A Seminar on Challenges and Opportunities in Research on Herbal Medicinal Plants	24/07/2023	40	Dr. Shaik Shabbbeer, Associate Professor, HOI, Department of Pharmaceutics, Nalanda college of pharmacy, Nalgonda, Telangana, E- Mail ID: shkshabbbeer@gmail.com Mobile Num :9160170786
3	A one day seminar on Entrepreneurship for the modern pharmacist"	28-08-2023	47	Mr.Guduru Sai Krishna, Assistant Professor, Department of Pharmaceutical Chemistry, Mother Teresa Pharmacy College, Sathupally, Telangana State. E-Mail ID: saikrishnaguduru095@gmail.com
4	A one day seminar on Entrepreneurship finance, marketing, innovation & technology of entrepreneurship"	10-10-2023	39	Dr. Praveen Kumar Dasari, Department of Pharmaceutical Biotechnology, Mother Teresa Pharmacy College, Sathupally, Telangana State. E- Mail ID: jrdppharma@gmail.com; Mobite: 9010188991
5	A One Day Seminar on Data Exclusivity and Regulatory Data Protection: Implications for Global Pharmacy Markets	18/11/2023	39	Dr. N. B. V. Siva Ram, Professor and Head of the Department, Department of Pharmaceutics, Sir C. R. Reddy College of Pharmaceutical Sciences, Eluru Ph. Nu: 94905 36945. Mail id: nbvshivaram@gmail.com

A one-day seminar on Emerging Trends in Pharmaceutical Education & Research Applications to Pharma Industry

About the college:

Anurag Pharmacy College was established in 2007 by "Amartya Educational Society" with an objective of bringing quality education closer to the rural students. Right from the beginning the management was clear about establishing the center of excellence in pharmacy. Accordingly a good institution with strong foundation has taken a shape in the form of Anurag Pharmacy College imparting education for B. Pharm, M. Pharm course in two branches along with Pharm D.

This college is having well equipped and high standard laboratories and state of art library is well stocked with 3241 books, 37 printed and e-journals, computer lab with high speed internet facility. Apart from academics our college encourages students in extracurricular activities and also our faculty provides GPAT special classes.

About the Department:

Pharmacy is the science and practice of discovering, producing, preparing, dispensing, reviewing and monitoring medications, aiming to ensure the safe, effective, and affordable use of medicines. It is a miscellaneous science as it links health sciences with pharmaceutical sciences and natural sciences. The professional practice is becoming more clinically oriented as drugs are manufactured by pharma industries.

About the Programme:

1. Gain a comprehensive understanding of the emerging trends in pharmaceutical education and research.
2. Identify the potential applications of these emerging trends in the pharmaceutical industry.
3. Recognize the impact of emerging technologies on drug discovery, development, and manufacturing processes.
4. Acquire the skills and competencies required to thrive in the evolving pharmaceutical industry.
5. Understand the importance of staying updated with emerging trends and embracing innovation.
6. Foster a mindset of adaptability and openness to change in the field of pharmaceutical education and research.
7. Explore career opportunities and advancements in emerging areas of the pharmaceutical industry.
8. Develop critical thinking and problem-solving skills to address the challenges posed by emerging trends.

Resource Person:

Dr.CH. Venkata Suresh,
M. Pharm., Ph.D.

Last date to Registration: 15/03/2024

**Venue: Anurag Pharmacy College
Seminar Hall**

Objectives of the program:

1. To understand the emerging trends in pharmaceutical education and research.
2. To explore the applications of these emerging trends in the pharmaceutical industry.
3. To discuss the impact of emerging technologies on drug discovery, development, and manufacturing.
4. To identify the skills and competencies required to succeed in the evolving pharmaceutical industry.
5. To foster a forward-thinking mindset and prepare individuals for the future of pharmaceutical education and research.

Learning outcomes:

1. Gain a comprehensive understanding of the emerging trends in pharmaceutical education and research.
2. Identify the potential applications of these emerging trends in the pharmaceutical industry.
3. Recognize the impact of emerging technologies on drug discovery, development, and manufacturing processes.
4. Acquire the skills and competencies required to thrive in the evolving pharmaceutical industry.
5. Understand the importance of staying updated with emerging trends and embracing innovation.

PROGRAM REPORT

Program Name	A One-day Seminar on Emerging Trends in Pharmaceutical Education and Research- Applications to Pharma Industry
Resource Person	Dr.CH. Venkata Suresh, Professor& HOD of Analysis, Department of Pharmaceutical Analysis, Nalanda College of Pharmacy, Nalgonda, Telangana.
Date of Activity	21/03/2024
Organized By	Anurag Pharmacy College
Venue	Anurag Pharmacy College Seminar Hall

Objective of program

1. To understand the emerging trends in pharmaceutical education and research.
2. To explore the applications of these emerging trends in the pharmaceutical industry.
3. To discuss the impact of emerging technologies on drug discovery, development, and manufacturing.
4. To identify the skills and competencies required to succeed in the evolving pharmaceutical industry.
5. To foster a forward-thinking mindset and prepare individuals for the future of pharmaceutical education and research.

Topics covered

1. Introduction to emerging trends in pharmaceutical education and research.
2. Pharmaceutical informatics and data analytics in drug discovery and development.
3. Artificial intelligence (AI) and machine learning in pharmaceutical research and personalized medicine.
4. Blockchain technology and its applications in pharmaceutical supply chain management and patient safety.
5. 3D printing in pharmaceutical manufacturing and personalized dosage forms.
6. Virtual and augmented reality in pharmacy education and training.
7. Biopharmaceuticals and biotechnology advancements in drug development.

"A One Day Seminar

on

Cross-Border Patent Litigation in Pharmacy: Strategies for Global Dispute Resolution"

17th Feb 2024

Patent Litigation & Dispute Settlement

About the college:

Anurag Pharmacy College was established in 2007 by "Amartya Educational Society" with an objective of bringing quality education closer to the rural students. Right from the beginning the management was clear about establishing the center of excellence in pharmacy. Accordingly a good institution with strong foundation has taken a shape in the form of Anurag Pharmacy College imparting education for B. Pharm, M. Pharm course in two branches along with Pharm D.

This college is having well equipped and high standard laboratories and state of art library is well stocked with 3241 books, 37 printed and e-journals, computer lab with high speed internet facility. Apart from academics our college encourages students in extracurricular activities and also our faculty provides GPAT special classes.

About the Department:

Pharmacy is the science and practice of discovering, producing, preparing, dispensing, reviewing and monitoring medications, aiming to ensure the safe, effective, and affordable use of medicines. It is a miscellaneous science as it links health sciences with pharmaceutical sciences and natural sciences. The professional practice is becoming more clinically oriented as drugs are manufactured by pharma industries.

About the Programme:

The course will give knowledge about increased awareness and understanding of patent and trademark law in the pharmacy industry among stakeholders, including industry professionals, policymakers, and legal professionals.

Identification of emerging issues and challenges in patent and trademark law in the pharmacy industry, and exploration of possible solutions and strategies to address them.

Enhanced collaboration and networking among stakeholders involved in patent and trademark law in the pharmacy industry, including academia, industry, policymakers, and legal professionals.

Development of recommendations and policy proposals to improve the legal framework governing the protection of intellectual property rights in the pharmacy industry.

Resource Person:

Dr.S. Nelson Kumar,
Professor & Principal,
P.Ramireddy Memorial College of
Pharmacy, Kadapa, Andhra Pradesh.

Last date to Registration: 15-02-2024

Objectives of the program:

- To provide participants with a comprehensive understanding of the challenges and strategies involved in cross-border patent litigation in the pharmacy sector.
- To equip participants with the knowledge and tools necessary to navigate jurisdictional issues, choice of law principles, and enforcement mechanisms in global patent disputes.
- To explore effective strategies for managing parallel patent litigation proceedings in multiple jurisdictions and resolving conflicts between different legal systems.
- To discuss common patent infringement defenses, validity challenges, and alternative dispute resolution mechanisms relevant to cross-border patent litigation.

Topics to be covered:

- Overview of Cross-Border Patent Litigation in Pharmacy
- Global Patent Systems.
- Jurisdictional Issues.
- Choice of Law
- Enforcement Mechanisms
- Parallel Proceedings
- Patent Infringement Defenses
- Patent Validity Challenges
- Alternative Dispute Resolution
- Recent Case Studies and Trends

Outcome of the program

Upon completion of the program, our students and faculty will:

- Have a deep understanding of the complexities and challenges of cross-border patent litigation in the pharmacy sector.
- Be familiar with the differences and similarities in patent systems and laws across major pharmaceutical markets worldwide.
- Possess practical knowledge and strategies for navigating jurisdictional issues, choice of law principles, and enforcement mechanisms in global patent disputes.
- Be equipped to effectively manage parallel patent litigation proceedings in multiple jurisdictions and resolve conflicts between different legal systems.
- Understand common patent infringement defenses, validity challenges, and alternative dispute resolution mechanisms relevant to cross-border patent litigation.
- Have expanded their professional networks and established connections with peers and experts in the field, facilitating ongoing collaboration and knowledge-sharing.

A One Day Seminar

on "E-Commerce and Online Entrepreneurship"

10th Jan 2024

About the college:

Anurag Pharmacy College was established in 2007 by "Amartya Educational Society" with an objective of bringing quality education closer to the rural students. Right from the beginning the management was clear about establishing the center of excellence in pharmacy. Accordingly a good institution with strong foundation has taken a shape in the form of Anurag Pharmacy College imparting education for B. Pharm, M. Pharm course in two branches along with Pharm D.

This college is having well equipped and high standard laboratories and state of art library is well stocked with 3241 books, 37 printed and e-journals, computer lab with high speed internet facility. Apart from academics our college encourages students in extracurricular activities and also our faculty provides GPAT special classes.

About the Department:

Pharmacy is the science and practice of discovering, producing, preparing, dispensing, reviewing and monitoring medications, aiming to ensure the safe, effective, and affordable use of medicines. It is a miscellaneous science as it links health sciences with pharmaceutical sciences and natural sciences. The professional practice is becoming more clinically oriented as drugs are manufactured by pharma industries.

About the Programme:

- The course will give knowledge about increased awareness and understanding of patent and trademark law in the pharmacy industry among stakeholders, including industry professionals, policymakers, and legal professionals.
- Identification of emerging issues and challenges in patent and trademark law in the pharmacy industry, and exploration of possible solutions and strategies to address them.
- Enhanced collaboration and networking among stakeholders involved in patent and trademark law in the pharmacy industry, including academia, industry, policymakers, and legal professionals.
- Development of recommendations and policy proposals to improve the legal framework governing the protection of intellectual property rights in the pharmacy industry.

Resource Person:

Dr.P. Salomi
Professor and Head
Department of Pharmaceutical analysis,
P.Ramireddy Memorial College of Pharmacy,
Ananthapuramu, Andhra Pradesh.
E- Mail:rayofhope01@gmail.com,
Mobile:8985114107

Last date to Registration: 09-01-2024

Objective of program

- To provide students with a comprehensive understanding of the e-commerce landscape.
- To equip students with practical skills necessary to launch and manage an online business.
- To foster critical thinking and problem-solving abilities relevant to e-commerce entrepreneurship.
- To instill ethical and legal awareness in conducting e-commerce operations.
- To enable students to adapt to evolving technologies and market dynamics in e-commerce.
- To inspire innovation and creativity in developing unique online business concepts.
- To encourage collaboration and networking within the e-commerce community.

Topics to be covered:

- E-Commerce Business Models: B2B, B2C, C2C, and beyond
- Setting up an Online Store: Platforms, Hosting, and Design
- Digital Marketing Strategies: SEO, SEM, Social Media, Email Marketing
- E-Commerce Analytics: Metrics, Tools, and Data Interpretation
- Logistics and Supply Chain Management for Online Businesses
- Legal and Regulatory Considerations in E-Commerce

"A One Day Seminar
on

Data Exclusivity and Regulatory
Data Protection: Implications for
Global Pharmacy Markets"

18th Nov 2023

About the college:

Anurag Pharmacy College was established in 2007 by "Amartya Educational Society" with an objective of bringing quality education closer to the rural students. Right from the beginning the management was clear about establishing the center of excellence in pharmacy. Accordingly a good institution with strong foundation has taken a shape in the form of Anurag Pharmacy College imparting education for B. Pharm, M. Pharm course in two branches along with Pharm D.

This college is having well equipped and high standard laboratories and state of art library is well stocked with 3241 books, 37 printed and e-journals, computer lab with high speed internet facility. Apart from academics our college encourages students in extracurricular activities and also our faculty provides GPAT special classes.

About the Department:

Pharmacy is the science and practice of discovering, producing, preparing, dispensing, reviewing and monitoring medications, aiming to ensure the safe, effective, and affordable use of medicines. It is a miscellaneous science as it links health sciences with pharmaceutical sciences and natural sciences. The professional practice is becoming more clinically oriented as drugs are manufactured by pharma industries.

About the Programme:

- The course will give knowledge about increased awareness and understanding of patent and trademark law in the pharmacy industry among stakeholders, including industry professionals, policymakers, and legal professionals.
- Identification of emerging issues and challenges in patent and trademark law in the pharmacy industry, and exploration of possible solutions and strategies to address them.
- Enhanced collaboration and networking among stakeholders involved in patent and trademark law in the pharmacy industry, including academia, industry, policymakers, and legal professionals.
- Development of recommendations and policy proposals to improve the legal framework governing the protection of intellectual property rights in the pharmacy industry.

Resource Person:

Dr. N. B. V. Siva Ram,
Professor and Head of the Department,
Department of Pharmaceutics,
Sir C. R. Reddy College of Pharmaceutical
Sciences,

Eluru, Andhra Pradesh
Ph. No: 94905 36945,
Mail id: nbvshivaram@gmail.com

Last date to Registration: 16-11-2023

Objectives of the program:

- To provide participants with a comprehensive understanding of data exclusivity and regulatory data protection laws and their impact on global pharmacy markets.
- To explore the interplay between data exclusivity, regulatory data protection, and other regulatory mechanisms, such as intellectual property rights.
- To discuss the implications of data exclusivity and regulatory data protection for pharmaceutical innovation, market competition, and access to medicines.
- To equip participants with practical knowledge and strategies for navigating data exclusivity and regulatory data protection requirements in pharmaceutical development and commercialization.

Topics to be covered:

- Introduction to Data Exclusivity and Regulatory Data Protection
- Global Regulatory Landscape
- Impact on Innovation and Market Access
- Interplay with Intellectual Property Rights
- Biotechnology and Orphan Drugs
- Clinical Trial Data Transparency
- Regulatory Strategies and Compliance
- Future Trends and Challenges

A one day seminar

on

“ENTREPRENEURSHIP FOR THE
MODERN PHARMACIST”
28th AUG 2023

Entrepreneurs in Pharmacy

AND OTHER LEADERS

About the college:

Anurag Pharmacy College was established in 2007 by "Amartya Educational Society" with an objective of bringing quality education closer to the rural students. Right from the beginning the management was clear about establishing the center of excellence in pharmacy. Accordingly a good institution with strong foundation has taken a shape in the form of Anurag Pharmacy College imparting education for B. Pharm, M. Pharm course in two branches along with Pharm D.

This college is having well equipped and high standard laboratories and state of art library is well stocked with 3241 books, 37 printed and e-journals, computer lab with high speed internet facility. Apart from academics our college encourages students in extracurricular activities and also our faculty provides GPAT special classes.

About the Department:

Pharmacy is the science and practice of discovering, producing, preparing, dispensing, reviewing and monitoring medications, aiming to ensure the safe, effective, and affordable use of medicines. It is a miscellaneous science as it links health sciences with pharmaceutical sciences and natural sciences. The professional practice is becoming more clinically oriented as drugs are manufactured by pharma industries.

About the Programme:

- The course will give knowledge about increased awareness and understanding of patent and trademark law in the pharmacy industry among stakeholders, including industry professionals, policymakers, and legal professionals.
- Identification of emerging issues and challenges in patent and trademark law in the pharmacy industry, and exploration of possible solutions and strategies to address them.
- Enhanced collaboration and networking among stakeholders involved in patent and trademark law in the pharmacy industry, including academia, industry, policymakers, and legal professionals.
- Development of recommendations and policy proposals to improve the legal framework governing the protection of intellectual property rights in the pharmacy industry.

Resource Person:

Mr. Guduru Sai Krishna,
Assistant Professor,
Department of Pharmaceutical Chemistry,
Mother Teresa Pharmacy College,
Sathupally, Telangana State.
E-Mail ID: saikrishnaguduru095@gmail.com

Last date to Registration: 27-08-2023

Objectives of the program:

- To provide pharmacists with the knowledge and skills necessary to identify opportunities, develop business ideas, and launch successful ventures.
- To encourage pharmacists to think creatively and innovatively to address unmet needs in healthcare through entrepreneurship.
- To improve pharmacists' understanding of business principles, including finance, marketing, and operations, to enable them to run successful ventures.
- To encourage collaboration among pharmacists, healthcare professionals, and other stakeholders to foster innovation and entrepreneurship in pharmacy.
- To educate pharmacists on the legal and regulatory requirements for starting and operating a pharmacy-related business to ensure compliance and mitigate risks.

Topics to be covered:

- Understanding Entrepreneurship
- Identifying Opportunities
- Business Planning
- Legal and Regulatory Considerations
- Marketing and Branding
- Innovation and Technology Integration
- Ethical Considerations

Outcome of the program

Upon completion of the program, our students and faculty has learned

About launching their own businesses such as independent pharmacies, compounding pharmacies, specialty pharmacies, or healthcare technology startups.

Development of innovative products, services, or technologies that improve patient care, medication management, or pharmacy operations.

Entrepreneurial initiatives leading to better patient outcomes through improved access to medication, medication adherence programs, or personalized healthcare solutions.

Pharmacists gaining confidence and skills in entrepreneurship, leading to personal and professional growth opportunities.

Pharmacists playing a more significant role in the broader healthcare ecosystem by contributing innovative solutions and services that address healthcare challenges.

A seminar on Challenges and Opportunities in Research on Herbal Medicinal Plants

About the college:

Anurag Pharmacy College was established in 2007 by "Amartya Educational Society" with an objective of bringing quality education closer to the rural students. Right from the beginning the management was clear about establishing the center of excellence in pharmacy. Accordingly a good institution with strong foundation has taken a shape in the form of Anurag Pharmacy College imparting education for B. Pharm, M. Pharm course in two branches along with Pharm D.

This college is having well equipped and high standard laboratories and state of art library is well stocked with 3241 books, 37 printed and e-journals, computer lab with high speed internet facility. Apart from academics our college encourages students in extracurricular activities and also our faculty provides GPAT special classes.

About the Department:

Pharmacy is the science and practice of discovering, producing, preparing, dispensing, reviewing and monitoring medications, aiming to ensure the safe, effective, and affordable use of medicines. It is a miscellaneous science as it links health sciences with pharmaceutical sciences and natural sciences. The professional practice is becoming more clinically oriented as drugs are manufactured by pharma industries.

About the Programme:

1. Gain an understanding of the challenges and opportunities in researching herbal medicinal plants.
2. Recognize the significance of herbal medicinal plants in healthcare and their potential benefits.
3. Identify and address the key challenges faced in conducting research on herbal medicinal plants.
4. Acquire knowledge on traditional knowledge and modern scientific approaches in herbal medicinal plant research.
5. Develop skills in extraction and formulation techniques for herbal medicinal plants.
6. Understand the importance of pharmacological and clinical research on herbal medicinal plants.
7. Familiarize with regulatory aspects and legal considerations in herbal medicinal plant research.
8. Explore sustainable sourcing and conservation practices for herbal medicinal plants.

Resource Person:

Dr. Shaik Shabbeer,
M. Pharm., Ph.D.

Last date to Registration: 17/07/2023

**Venue: Anurag Pharmacy College
Seminar Hall**

Objectives of the program:

1. To understand the challenges and opportunities in conducting research on herbal medicinal plants.
2. To explore the significance of herbal medicinal plants in healthcare and the potential benefits they offer.
3. To identify the key challenges faced in researching herbal medicinal plants and finding solutions to overcome them.
4. To discuss the emerging opportunities and advancements in the field of herbal medicinal plant research.
5. To foster a research-oriented mindset and promote evidence-based utilization of herbal medicinal plants

Learning outcomes:

1. Gain an understanding of the challenges and opportunities in researching herbal medicinal plants.
2. Recognize the significance of herbal medicinal plants in healthcare and their potential benefits.
3. Identify and address the key challenges faced in conducting research on herbal medicinal plants.
4. Acquire knowledge on traditional knowledge and modern scientific approaches in herbal medicinal plant research.
5. Develop skills in extraction and formulation techniques for herbal medicinal plants.

1. Gain an understanding of the challenges and opportunities in researching herbal medicinal plants.
2. Recognize the significance of herbal medicinal plants in healthcare and their potential benefits.
3. Identify and address the key challenges faced in conducting research on herbal medicinal plants.
4. Acquire knowledge on traditional knowledge and modern scientific approaches in herbal medicinal plant research.
5. Develop skills in extraction and formulation techniques for herbal medicinal plants.
6. Understand the importance of pharmacological and clinical research on herbal medicinal plants.
7. Familiarize with regulatory aspects and legal considerations in herbal medicinal plant research.
8. Explore sustainable sourcing and conservation practices for herbal medicinal plants.
9. Foster collaboration and interdisciplinary research in the field of herbal medicinal plant studies.
10. Stay updated with the latest advancements and future directions in herbal medicinal plant research.

Registration

Registration fee is Rs.300/- including kit, e-souvenir, and participation certificate.

Objective

To encourage the students of Pharmacy to participate and present on latest happenings in Pharmaceutical Education and Research. It creates an academic and scientific platform for students to exchange their ideas and to prove their identity in the global pharmacy field.

Eligibility

Students of B. Pharm., M. Pharm., Pharm. D. and Research Scholars.

"A One Day Seminar

on

**Biologics and Biosimilars:
Intellectual Property Challenges
in the Era of Biopharmaceuticals"**

17th June 2023

Biopharmaceuticals

About the college:

Anurag Pharmacy College was established in 2007 by "Amartya Educational Society" with an objective of bringing quality education closer to the rural students. Right from the beginning the management was clear about establishing the center of excellence in pharmacy. Accordingly a good institution with strong foundation has taken a shape in the form of Anurag Pharmacy College imparting education for B. Pharm, M. Pharm course in two branches along with Pharm D.

This college is having well equipped and high standard laboratories and state of art library is well stocked with 3241 books, 37 printed and e-journals, computer lab with high speed internet facility. Apart from academics our college encourages students in extracurricular activities and also our faculty provides GPAT special classes.

About the Department:

Pharmacy is the science and practice of discovering, producing, preparing, dispensing, reviewing and monitoring medications, aiming to ensure the safe, effective, and affordable use of medicines. It is a miscellaneous science as it links health sciences with pharmaceutical sciences and natural sciences. The professional practice is becoming more clinically oriented as drugs are manufactured by pharma industries.

About the Programme:

- The course will give knowledge about increased awareness and understanding of patent and trademark law in the pharmacy industry among stakeholders, including industry professionals, policymakers, and legal professionals.
- Identification of emerging issues and challenges in patent and trademark law in the pharmacy industry, and exploration of possible solutions and strategies to address them.
- Enhanced collaboration and networking among stakeholders involved in patent and trademark law in the pharmacy industry, including academia, industry, policymakers, and legal professionals.
- Development of recommendations and policy proposals to improve the legal framework governing the protection of intellectual property rights in the pharmacy industry.

Resource Person:

Dr. K. NagaRaju,
Professor,
Department of Pharmaceutical Analysis,
Sir C. R. Reddy College of Pharmaceutical
Sciences, Eluru,
Ph. No: 9642166555
Mail id: nagaraju162@gmail.com

Last date to Registration: 15-06-2023

Objectives of the program:

- To provide participants with a comprehensive understanding of the intellectual property challenges specific to biologics and biosimilars.
- To equip participants with the knowledge and tools necessary to navigate the complex regulatory and legal landscape governing biopharmaceutical innovation and market access.
- To empower participants to develop effective intellectual property strategies for biologics and biosimilars, from development through commercialization.
- To foster dialogue and collaboration among participants to address common challenges and share best practices in the biopharmaceutical industry.

Topics to be covered:

- Understanding Biologics and Biosimilars
- Regulatory Landscape
- Intellectual Property Fundamentals:
- Patent Landscape Analysis:
- Patent Protection Strategies
- Biosimilar Development and Approval Process
- Patent Challenges and Litigation
- Global Intellectual Property Considerations
- Market Access and Commercialization
- Future Trends and Emerging Issues

Outcome of the program

Upon completion of the program, Our students and faculty

- Have a deep understanding of the intellectual property challenges and opportunities specific to biologics and biosimilars,
- Possess knowledge of relevant patent laws, regulations, and litigation strategies applicable to the biopharmaceutical sector.
- Be equipped with practical skills to conduct patent landscape analyses, develop patent protection strategies, and navigate patent challenges.
- Understand the regulatory requirements and approval pathways for biosimilars, including data exclusivity considerations.
- Be prepared to apply learned concepts and strategies to their respective roles in biopharmaceutical development, commercialization, or legal practice.
- Have expanded their professional networks and established connections with peers and experts in the field.
