email : shaiknikhath927@gmail.com

Anurag Pharmacy College conducted a special seminar program on by SK. NIKHATH On 14-08-2023. This Program was initiated by our principal with a motivational speech.

Objectives:

- **Quality Control:** Monitor and verify critical process parameters and product attributes to maintain product quality and consistency.
- **Process Monitoring:** Continuously assess manufacturing processes to identify deviations, trends, or potential issues that could impact product quality.
- **Documentation and Record Keeping:** Maintain accurate and comprehensive documentation of in-process activities, including batch records, logbooks, and inspection reports.
- **Training and Education:** Provide training and guidance to manufacturing personnel on quality standards, procedures; and best practices to uphold quality standards.

Topics Covered:

- **Sampling and Testing Procedures:** Develop and implement sampling plans and testing protocols for in-process materials and finished products to ensure compliance with specifications.
- **Process Validation:** Participate in process validation activities to demonstrate that manufacturing processes consistently produce products of predetermined quality.
- **Cleanroom Monitoring:** Monitor cleanroom environments for particulate and microbial contamination to maintain aseptic conditions during production.

Website: www.anuragpharmacy.ac.in

- **Equipment Qualification:** Qualify and validate manufacturing equipment to ensure that it is suitable for its intended use and capable of producing quality products.
- **Risk Assessment:** Conduct risk assessments to identify and mitigate potential risks to product quality and patient safety throughout the manufacturing process.

Outcomes:

- **Product Quality:** Ensure that manufactured products meet quality specifications and comply with regulatory requirements, minimizing the risk of product recalls or non-compliance issues.
- **Process Efficiency:** Identify opportunities for process optimization and improvement to enhance efficiency, reduce waste, and minimize production costs.
- **Regulatory Compliance:** Demonstrate compliance with regulatory requirements through thorough documentation, testing, and adherence to established quality standards.
- **Continuous Improvement:** Drive continuous improvement initiatives based on data analysis and feedback to enhance product quality, process efficiency, and regulatory compliance over time.

Phone no: 9640883740

Email: Divya678@gmail.com

Present Designation and Profile: D's Labotatory

This feedback on Curriculum, Teaching, Learning and Evaluation is intended to collect information to obtain alumni input on the quality of education they received and the level of preparation they had at university. The purpose of this survey is to assess the quality of the academic program. We seek your help in completing this survey.

*Rating score: Excellent (5), Very Good (4), Good (3), Average (2), Below Average (1)

S.No	Questionnaire	5	4	3	2	1
1	How relevant were the courses in preparing you for your career?	✓				
2	Rate the competence and expertise of the faculty.			✓		
3	Did the curriculum provide sufficient exposure to real-world industry practices and trends?	✓				
4	How well did the curriculum enable you to apply theoretical knowledge to practical situations?	✓				
5	How effective were the teaching methods employed in the curriculum?	✓				
6	How well did the curriculum support co-curricular activities such as workshops, seminars, and competitions?	✓				
7	Were there ample opportunities for research and innovation within the curriculum?	✓				
8	Rate the importance and quality of project work assigned as part of the curriculum.	✓				
9	Did the curriculum offer a satisfactory range of elective courses to choose from?	✓				
10	Overall, how satisfied are you with the curriculum?	✓				

Any suggestions:
