AWEARNESS PROGRAMME ON GENDER FAMININE

To fight the atrocities on women and girl child, awareness is the vital parameter which is under practice by both national and state governments with no stones left untimed. In this aspect the SHE Team of Police Department, Kodad Division has given an Awareness Program on Feminine Gender which was held in Auditorium of Block-E, in which the DSP of Kodad Division followed by CI and SI spoke on the importance of women protection and how students can bring awareness among public in this regard. It was followed by folk songs on women protection awareness

NSS Event Programme Report

A.Y:2019-2020

AWEARNESS PROGRAMME ON NATIONAL DEWORMING DAY

Anurag Pharmacy College – NSS unit has organized Awareness Programme On National Deworming on 05-07-2021 with great fervor. The programme has started with NSS Programme officer Mr.D .Chinnababu and Student will be participated .

Asha workers are involved in this programme and distribute the Deworming Albendazole tablets to students ,explained about the programe and gives instructions to the students.

Brief note on the Programme

The objective of NDD is to deworm all preschool and school-age children between the ages of 1-10 years through the platform of schools and anganwadi centers in order to improve their overall head nutritional status, access to education and quality of life

Why do children need deworming? Children are most vulnerable to worm infections, as their immune system is not yet fully developed. Untreated worm infections prevent children's healthy growth, cause poor nutrition and reduce their capacity to concentrate and learn 23-Feb-2013To combat this issue, in 2015 the Government of India launched the fixed-day anganwadi and school- based National Deworming Day to deworm all children aged 1-19 years The National Deworming Day is conducted in all states/UTS on February 10 every year, with a mop-up day on February 15

This Program is being implemented by the state since 2015. Helminthes (worms) which are transmitted through soil contaminated with fecal matter are called soil-transmitted
