PROGRAMME REPORT

Name of the Programme: A One Week Faculty Development Programme on “**Current Research Trends in Pharmaceutical Sciences**”.

Date: 22-07-2019 to 27-07-2019.

Resource Person Details:

Name: N.Phani Kumar

Designation: Assistant Professor

Department : Pharmaceutics

Organization: Pulipati Prasad Pharmaceutical Sciences, Thanikella, Khammam

Email ID: phanikumar.n99@gmail.com

Contact Number: 9951273438

Objective:

Anurag Pharmacy College had successfully organised A One Week Faculty Development Programme on “**Current Research Trends in Pharmaceutical Sciences**”. The main objective of the programme is to improve, enhance teaching, pedagogical and practical skills for present educational scenario.

Topics covered:

- Current and Future Prospects of Research Trends in Pharmaceutical Sciences.
- Research Trends In pharmaceutical fields in present era.
- Technology utilization of pharmaceutical sector.

Outcome of the Programme: An open feedback was collected from the faculty members and they convey that the programme was extremely helpful for covering the topics related to the information which is useful to improve, enhance teaching, pedagogical and practical skills for faculty in present educational scenario.

Registration
 Registration fee is Rs.350/- including kit, e- souvenir, and participation certificate.

Objective
 To encourage the students of Pharmacy to participate and present on latest happenings in Pharmaceutical Education and Research. It creates an academic and scientific platform for students to exchange their ideas and to prove their identity in the global pharmacy field.

Eligibility
 Students of B. Pharm., M. Pharm., Pharm. D. and Research Scholars.

A One Week

Faculty Development programme on
 "Current Research Trends in Pharmaceutical Sciences"

Date :22 -07-2019 to 27 -07-2019

About the college:

Anurag Pharmacy College was established in 2007 by "Amartya Educational Society" with an objective of bringing quality education closer to the rural students. Right from the beginning the management was clear about establishing the center of excellence in pharmacy. Accordingly a good institution with strong foundation has taken a shape in the form of Anurag Pharmacy College imparting education for B. Pharm, M. Pharm course in two branches along with Pharm D. This college is having well equipped and high standard laboratories and state of art library is well stocked with 3241 books, 37 printed and e-journals, computer lab with high speed internet facility. Apart from academics our college encourages students in extracurricular activities and also our faculty provides GPAT special classes.

About the Department:

Pharmacy is the science and practice of discovering, producing, preparing, dispensing, reviewing and monitoring medications, aiming to ensure the safe, effective, and affordable use of medicines. It is a miscellaneous science as it links health sciences with pharmaceutical sciences and natural sciences. The professional practice is becoming more clinically oriented as drugs are manufactured by pharma industries.

About the Programme:

- The Current Trends in Pharmaceutical Research provides a medium for publication of novel research papers and review articles from the areas of Pharmaceutics, Medicinal & Pharmaceutical Chemistry, Pharmacognosy & Phytochemistry, Pharmacology .
- The programme was extremely helpful for covering the topics related to the information which is useful to improve, enhance teaching, pedagogical and practical skills for faculty in present educational scenario.
- Traditionally slow in the adoption of technology, the industry is now undergoing rapid changes due to the development of several technologies. The prominent pharma industry trends include artificial intelligence (AI), additive manufacturing, block chain, and other Industry 4.0 technologies.

Resource Person

Mr.N.Phani Kumar

Assistant Professor

Department of Pharmaceutics

Address: Pulipati Prasad Pharmaceutical Sciences, Thanikella

Last Date for registration: 20/07/2019

Objectives of the program:

- The main objective of the programme is to improve, enhance teaching, pedagogical and practical skills for present educational scenario.
 - To provides a medium for publication of novel research papers and review articles from the areas of Pharmaceutics, Bio pharmaceutics & Pharmacokinetics, Novel & Targeted Drug Delivery, Pharmaceutical Nanotechnology, Pharmaceutical Technology, Medicinal & Pharmaceutical Chemistry, Natural Product Research and Polymer Sciences, Pharmacognosy& Photochemistry, Pharmacology & Toxicology, Pharmaceutical Microbiology & Biotechnology, Bioinformatics, Pharmaceutical Engineering, Pharmaceutical Education.
 - To include original research papers, critical reviews and rapid communications on the latest developments in the domain of pharmacological sciences and aims to disseminate the knowledge in the areas Pharmacology, Pharmacokinetics.
- Topics to be covered:**
- Chemical Processing of Pharmaceuticals, including crystallization, Lyophilization, Chemical Stability of drugs,
 - Metabolic disposition of bioactive agents, Dosage form design.

A one week faculty Development Programme on "New Innovations in Clinical Pharmacy"

Date: 3-02-2020 to 8-02-2020

About the college:

Anurag Pharmacy College was established in 2007 by "Amartya Educational Society" with an objective of bringing quality education closer to the rural students. Right from the beginning the management was clear about establishing the center of excellence in pharmacy. Accordingly a good institution with strong foundation has taken a shape in the form of Anurag Pharmacy College imparting education for B. Pharm, M. Pharm course in two branches along with Pharm D.

This college is having well equipped and high standard laboratories and state of art library is well stocked with 3241 books, 37 printed and e-journals, computer lab with high speed internet facility. Apart from academics our college encourages students in extracurricular activities and also our faculty provides GPAT special classes.

About the Department:

Pharmacy is the science and practice of discovering, producing, preparing, dispensing, reviewing and monitoring medications, aiming to ensure the safe, effective, and affordable use of medicines. It is a miscellaneous science as it links health sciences with pharmaceutical sciences and natural sciences. The professional practice is becoming more clinically oriented as drugs are manufactured by pharma industries.

About the Programme:

- The programme was extremely helpful for covering the topics related to, the patient education techniques and role of Pharmacist in improving quality of life.
- These innovations helped to mold clinical pharmacy into a patient-centered discipline recognized for its contributions to improving medication therapy outcomes.
- The academic–practice partnership can be optimized by making both partners accountable for the desired outcomes of their collaboration, fostering symbiotic relationships that promote value-added clinical pharmacy services and emphasizing continuous quality improvement in the delivery of these services.
- Optimizing academic–practice collaboration on a broader scale requires both partners to adopt a culture that provides for dedicated time to pursue innovation, establishes mechanisms to incubate ideas, recognizes where motivation and vision align, and supports the purpose of the partnership.

Resource Person

B. Leena

Designation: Assistant Professor

Department: Pharmacology

Address: Browns College of Pharmacy

Last Date for registration: 31/01/2020

Objectives of the program:

- The main objective of the programme is to educating the participants on patient Education and its advantages
- To develop clinical pharmacy practice into a patient-centered discipline recognized for its contributions to improved medication therapy outcomes. However, individual practitioners are less likely to drive practice innovation today
- To foster disruptive innovation within the profession exist at both the individual and the organizational level
- To overcome common barriers for individuals and organizations and should align with patient-centered outcomes and high-quality medication management.
- The academic–practice partnership can be optimized by making both partners accountable for the desired outcomes of their collaboration, fostering symbiotic relationships that promote value added clinical pharmacy services and emphasizing continuous quality improvement in the delivery of these services

Topics to be covered:

- Prevention of Communicable Diseases.
- Role of Clinical Pharmacist in Management of Chronic Diseases.
- Prevention of ADRs in Poly Pharmacy patients
- Education regarding Balanced diet in Prevention of Obesity and Diabetes.
