PROGRAMME REPORT

Name of the programme: A one week faculty development program on “**Traditional and Holistic Healing Approaches For Health Care And Wellness**”.

Date: 12-11-2018 to 17-11-2018

Resource person details:

Name: T. Praveen Kumar

Designation: Assistant professor, Department of Pharmaceutics

Organization: Browns College of pharmacy

Email id: praveensuri1@gmail.com

Contact number: 9100337332

Objective:

Anurag Pharmacy College had successfully organised a one week faculty development programme on “**one week faculty development program on traditional and holistic healing approaches for health care and wellness**”. The main objective of the programme is to familiarize faculty members with traditional and holistic healing approaches in health care and wellness. Also to enhance faculty members' understanding of the principles, techniques, and benefits of traditional and holistic healing practices.

Topics covered:

- **Introduction to Traditional and holistic healing:** overview of different traditional healing systems and their philosophies (e.g., ayurved, traditional chinese medicine, indigenous healing practices).
- **Mind-body connection:** exploring the mind-body connection and its significance in traditional and holistic healing approaches.
- **Herbal medicine and plant-based therapies:** understanding the role of herbs and plants in traditional healing systems and their applications in health care.
- **Energy healing modalities:** introduction to energy healing practices such as reiki, acupuncture, and panic healing.
- **Nutrition and dietary approaches:** understanding the impact of nutrition and dietary choices on overall health and exploring traditional dietary approaches.

Outcome of the programme: an open feedback was collected from the faculty members and they convey that the programme was extremely helpful for covering the topics related to the increased knowledge and understanding of traditional and holistic healing approaches among faculty members. Improved ability to critically evaluate and incorporate traditional and holistic healing practices into teaching and research activities. Enhanced interdisciplinary collaboration and networking among faculty members from different health care and wellness disciplines

verywell

About the college:

Anurag Pharmacy College was established in 2007 by "Amartya Educational Society" with an objective of bringing quality education closer to the rural students. Right from the beginning the management was clear about establishing the center of excellence in pharmacy. Accordingly a good institution with strong foundation has taken a shape in the form of Anurag Pharmacy College imparting education for B. Pharm, M. Pharm course in two branches along with Pharm D.

This college is having well equipped and high standard laboratories and state of art library is well stocked with 3241 books, 37 printed and e-journals, computer lab with high speed internet facility. Apart from academics our college encourages students in extracurricular activities and also our faculty provides GPAT special classes.

About the Department:

Pharmacy is the science and practice of discovering, producing, preparing, dispensing, reviewing and monitoring medications, aiming to ensure the safe, effective, and affordable use of medicines. It is a miscellaneous science as it links health sciences with pharmaceutical sciences and natural sciences. The professional practice is becoming more clinically oriented as drugs are manufactured by pharma industries.

About the Programme:

- The programme was extremely helpful for covering the topics related to the increased knowledge and understanding of traditional and holistic healing approaches among faculty members.
- Improved ability to critically evaluate and incorporate traditional and holistic healing practices into teaching and research activities.
- Enhanced interdisciplinary collaboration and networking among faculty members from different health care and wellness disciplines
- Integrative medicine combines, or integrates, the best of conventional medical care with the best of evidence-based complementary alternative medicine.
- A whole-person approach is the focus of most complementary alternative medicine therapies to address the physical, emotional, mental, and spiritual aspects of health.
- Traditional medical systems provide holistic mind-body conceptions of health, illness preventions, and cures;

Resource Person

T. Praveen Kumar

Assistant Professor

Department of Pharmaceutics

Address: Browns College of Pharmacy.

Last Date for registration: 09/11/2018

Objectives of the program:

- The main objective of the programme is to familiarize faculty members with traditional and holistic healing approaches in health care and wellness.
- To enhance faculty members & understanding of the principles, techniques, and benefits of traditional and holistic healing practices
- To achieve optimal health the primary goal of holistic medicine practice by gaining proper balance in life.
- Healing takes a team approach involving the patient and doctor, and addresses all aspects of a person's life using a variety of health care practices.

Topics to be covered:

- Overview of different traditional healing systems and their philosophies (e.g., Ayurveda, Traditional Chinese Medicine, Indigenous Healing practices).
- Mind-Body Connection: Exploring the mind-body connection and its significance in traditional and holistic healing approaches.
- Herbal Medicine and Plant-Based Therapies: Understanding the role of herbs and plants in traditional healing systems and their applications in health care.

A one week

faculty development programme on

“Research Methodology and

Advanced Pedagogies in Pharmacy Education”

11-02-2019 to 16-02-2019

About the college:

Anurag Pharmacy College was established in 2007 by "Amartya Educational Society" with an objective of bringing quality education closer to the rural students. Right from the beginning the management was clear about establishing the center of excellence in pharmacy. Accordingly a good institution with strong foundation has taken a shape in the form of Anurag Pharmacy College imparting education for B. Pharm, M. Pharm course in two branches along with Pharm D. This college is having well equipped and high standard laboratories and state of art library is well stocked with 3241 books, 37 printed and e-journals, computer lab with high speed internet facility. Apart from academics our college encourages students in extracurricular activities and also our faculty provides GPAT special classes.

About the Department:

Pharmacy is the science and practice of discovering, producing, preparing, dispensing, reviewing and monitoring medications, aiming to ensure the safe, effective, and affordable use of medicines. It is a miscellaneous science as it links health sciences with pharmaceutical sciences and natural sciences. The professional practice is becoming more clinically oriented as drugs are manufactured by pharma industries.

About the Programme:

- The programme was extremely helpful for covering the topics related to the information about various types research methodologies which is useful to know improve, enhance , pedagogical , practical skills and practical knowledge for faculty in pharmaceutical education sector .

- This can allows academicians, researchers and practitioners in professional pharmacy to communicate new and established teaching methods in pharmacy.

Pedagogies for Pharmacy Curricula presents emerging teaching practices and methods for pharmacy curricula and reviews pedagogic methodologies on the scope of pharmaceutical care in pharmacy curricula.

- The chapters present learning outcomes on general and specific topics, impact of undergraduate interventions on patient outcomes, and comparisons between different teaching pedagogies/models.

Resource Person

Mr. PVS Chandra Shekar
Assistant Professor
Department of Pharmaceutics
Address: SIR CR Reddy College of pharmaceutical sciences, Eluru

Last Date for registration: 08/02/2019

Objectives of the program:

- The main objective of the programme is to know about the research process and their methodologies in pharmaceutical sector and learning about research skills, enhance practical skills, pedagogical skills for present educational scenario.

- To the condition of domestic education has been changed as the introduction of the innovative pedagogical approaches over the recent years.

- The effectiveness of TBL pedagogy was also supported by similar studies performed in some developed countries, and the scope of its application covered medical, nursing, and pharmacy education

- To assess the effects of two pedagogies on student's qualities and abilities, according to the descriptions in some articles, the questionnaires were sent to the participants.

Topics to be covered:

- Scope of research methodologies in pharmaceutical sector.

- Day to day advancements in pharmaceutical research field.

- Learning and improving practical skills and empirical knowledge

- Research methodologies and their applications in pharmaceutical field
